

RISE

FOR THE EVER-DEMANDING TECHNOLOGY INTENSIVE ENVIRONMENT,

RISE delivers intelligently engineered components, superior power and cable management and 21st century aesthetics in hundreds of fixed-height and sit/stand configurations.

Strong but ultra-lightweight components allow for rapid installation and reconfiguration and mobile CPU enclosures provide quick access and easy relocation of floor level technology.

Freestanding or complemented with tailored millwork, available in a wide array of durable materials and aesthetically pleasing finishes, RISE provides optimum flexibility for freedom of design.

RISE conference and task tables, perimeter filing and equipment counters, modular electrics, task lighting, privacy screens and LCD monitor support complement the consoles for a comprehensive solutions based furnishings system that meets the needs of cutting edge environments.
